

Wastewater Plant Operator I

Job Description

Responsible for the operation and maintenance of the Wastewater Treatment Plant. Operating experience in a wastewater facility is desirable, but not necessary. Familiarity with rotating mechanical equipment is a plus. Responsibilities will include the following: inspect outlying pumping stations, check equipment, read meters and gauges, maintain logs, and perform basic level laboratory tests plus housekeeping duties. **The Wastewater Plant is a 24/7 operation and shift work is required. Shifts are 730a-4p, 2p-Midnight, and 1130p-9a. Employee can be assigned to any shift depending on the operation's need.**
