

TOWN OF BERLIN EMPLOYMENT OPPORTUNITY

Distribution and Collection Technician - Water & Wastewater Departments

FY2026 Starting Salary Range Grade 6 Step 5 \$21.99 to Grade 6 Step 7 \$23.10 - DOQ

Essential Functions: Perform duties required to support the operations of the Water Resources Department by providing safe and visually pleasing water to all citizens safely and efficiently. Executes emergency and routine maintenance, inspections, installations, and repairs of water, stormwater, and sewer systems. Installation of taps and cleanouts when necessary. Assists in managing inventory of parts. Works a 40-hour workweek with the possibility of nights, weekends, inclement weather, and holidays. This is a full-time position with full benefits.

Education and Experience: High School Diploma or GED. Must be capable of lifting up to 50 lbs and standing and walking 60% of the work period. General labor skills are required. Experience in water, wastewater, stormwater systems, or construction is preferred. Minimum of five (5) years of plumbing or related field experience, with at least three (3) years in water and sewer line maintenance and repair. Must successfully pass a criminal background check and drug screening. Candidates with a Distribution and Collection license, 5A Wastewater, or a Class 2 Water license (as recognized by the Maryland Department of the Environment) will receive priority consideration and additional compensation. Preference is also given to candidates with a Class B CDL. The Town will assist in obtaining these licenses after meeting the required years of experience. CPR and first aid training are required and are given biennially by the Town.

Closing Day: Sunday, May 3, 2026, or until filled.

Apply: Qualified candidates are encouraged to submit a confidential Town of Berlin application for employment online using the "Apply for Employment Here" drop-down option above. More information at <https://berlinmd.gov/employment/>
